

WORLD CLASS LABORATORY EQUIPPED WITH THE LATEST IN ANALYTICAL EQUIPMENT

ABOUT OUR LAB

Conecsus has a fully staffed, world class laboratory equipped with the latest in analytical equipment to ensure that we can provide the most accurate assays in the industry. While many of our competitors report only Sn, Pb, Ag, and Au content, we can provide a truly complete analysis with up to 75 elements listed at exceptional levels of precision. The quality and quantity of data we can provide surpasses industry standards and can be used to identify irregularities within your process.
